- 3<sup>rd</sup> Swiftlands Dora Lab/B - Handler Ellena Nunnery
- 4<sup>th</sup> Mucklehart Gracie Lab/B - Handler John Cornforth

It was a glorious day but very hot which made it a challenge for competitors & dogs to be on top form. Sadly it took its toll on some of us. We had a wonderful entry for the competition which made for quite a logistical challenge. Thanks to a wonderful team of Judges, Stewards and dummy throwers and the adherence to our request to competitors to help by moving quickly between tests we managed to get through the large number of Puppy and Novice dogs, including a run off with several dogs, by 2.30 pm. We are so grateful to the Open Competitors for waiting so patiently for your turn to come in all that heat. The day was marked by a friendly, sociable atmosphere and I am so grateful to all our entrants for the way in which all pitched in to ensure it ran well. Thanks to our Judges for setting excellent tests and to the Parker's for allowing the club to use their land again at some inconvenience to themselves, James was mowing on the day of the test to ensure good clear pathways ! I would like to pay tribute to my wonderful team of helpers – those who set up on Saturday evening, Morton & Julia Redpath for the enormous amount of work in arranging Judges and tests, the dummy throwers and stewards, Rob Peers who had the monumental task of scoring such numbers accurately, Jean Tidmarsh and her helpers for lunch and those who smoothly took over tasks as and when they saw something that needed doing. You were amazing and the day would have been impossible to run without you.
